Lewis Offers To Aid Struck Steelworkers

Proposes Financial Pool By Union

White Sulphur Springs, W. Va., Oct. 14.—(AP)—John L. Lewis made a spectacular bid today for labor unity, offering to contribute to a proposed \$2,500,000 a week pool to help the striking CIO steelworkers win a "vital economic conflict."

The unpredictable Lewis thus tossed a bombshell into the coal and steel strikes by shelling for the moment the idleness of his own 400,000 United Mine Workers to go to the aid of another union.

Lewis appealed to a union foe, AFL President William Green, to ask at least nine of his wealthiest unions to match a contribution of \$250,000 weekly by the miners.

Would Help Steelers Win

This financial credit, as Lewis called it, would enable the United Steelworkers "to win beyond peradventure the monumental conflict which is now drawn," he said.

Green said he had not received the letter in which Lewis made his amazing proposal so he declined comment. Philip Murray, the Steelworkers' president, refused to reveal his feelings also.

In Washington, officials at AFL headquarters were cool to Lewis' proposal. One said:

"If the steel workers need any help, they are certainly capable of asking for it themselves."

The miners' strike started Sept. 19 and the steel walkout on Oct. 1.

The knotted steel problem gave no sign of becoming untangled. Cyrus S. Ching, director of the U.S. mediation and conciliation service, who has been talking with Bethlehem Steel Corp. officials in New York for two days, will return to Washington tomorrow.

The move was disclosed by Ching's chief assistant, William N. Margolis, who was working with Ching.

They reported previously that they now have a "better understanding of the company's position and that they found a basis for further discussion."

In the move for unity, 69-year-old Lewis gave the impression at least of shrugging off sometimes bitter differences with the other two union heads.

But the miners also have a vital interest in the steel dispute. As long as the steel strike continues, the demand for coal is lessened greatly. This provides the coal operators more time to get back into production before the fuel problem becomes critical.

In his letter to Green, however, this viewpoint was not mentioned. The theme throughout was unity.

Murray once was Lewis' top lieutenant. They split over CIO policies and support of the late President Roosevelt.

Convicted Killer Found Innocent In Death Of 2nd Man

Chicago, Oct. 14.—(AP)—Albert Horodecki, 31, serving a 20 year sentence for murdering one poker player, was found innocent today of the slaying of a second player, Albert Pineberg, 38, at a card party stick-up May 18, 1947.

Eleven witnesses for the State testified they saw Horodecki when a west side party was held up and three men died in the shooting.

Horodecki's attorney asked the jury of six men and six women to consider the "curious similarity" of the testimony of the 11 witnesses.

The attorney, Charles A. Bellows, said that ballistics experts were unable to establish definitely that the bullet found in Pineberg's body had been fired from Horodecki's gun.

He had been charged with murder, and assistant state's attorney Alex Napoli had asked for a death sentence.

Horodecki got the 20 year term on Feb. 26 for murdering Benjamin Eisenstein, 42, one of the guests at Pineberg's home.

Regrets Truman's Vetoing Of Bill

Springfield, Ill., Oct. 14.—(AP)—Leonard Schwartz, state conservation director, expressed regret today that President Truman vetoed the Dingell-Johnson fish restoration aid bill.

Schwartz sent telegrams to Illinois Senators Scott W. Lucas and Paul Douglas urging them to consider similar legislation at the next congressional session.

The Dingell-Johnson bill would have provided federal aid to the states for fish restoration and management projects. The Illinois conservation department hoped to receive about \$300,000.

Will Not Shift Scene Of Second Hiss Trial

New York, Oct. 14.—(AP)—Alger Hiss today lost his bid to have the scene of his second perjury trial shifted from New York to Vermont.

Federal Judge Alfred C. Cox ruled there was no basis in the former high state department official's contention that the publicity given the first trial so affected public sentiment that a fair hearing in New York now would be impossible.

Hiss is scheduled to go on trial for a second time Nov. 1. His first trial ended July 8 in a jury disagreement, eight for conviction and four for acquittal.

Army Calls Chief Home From Japan

Washington, Oct. 14.—(AP)—The army tonight called on its chief of staff, General J. Lawton Collins, to return home from Japan to state the army's case in the great row over U. S. strategy.

Collins was asked to cut short a current inspection tour of far east military installations because, the army explained, current House hearings on the big dispute are "vitally affecting unification" of the armed forces.

A parade of admirals had gone before the House Armed Services committee to complain that under the unified set-up, the navy is the victim of discrimination and its offensive power is being ruined.

Johnson Asks To Hear General. Secretary of Defense Johnson has especially requested the House Armed Services committee to hear General Collins and others on the controversy which the secretary said could do "grave damage to our national security."

In the weekend's brief call before the row burst out again, two members of the committee suggested that a civilian board be named by President Truman to settle the dispute. This followed a week in which the navy decided the air force's strategic bombing ideas and pictured naval aviation being squeezed out by the other two services.

Propose Board. The two congressmen, Brooks (D-La.) and Price (D-Ill.), proposed that a board get to the bottom of the controversy and settle it. They argued that civilians can do a better job than the committee in this respect.

Many of the committeemen served in one branch of the service or another.

Their suggestion was similar to one advanced last Sunday by the army and navy union, an organization of past and present servicemen. That group suggested that an eminent group of civilians be named to resolve the dispute in secret.

President Truman has made no public response to the proposal. He observed yesterday that he sees no need of making any fundamental defense policy changes.

Czechs Pass Laws Putting Catholics Under Government

Prague, Czechoslovakia, Oct. 14.—(AP)—Czechoslovakia's communist government today steamrollered through parliament two laws clamping tight control over the last stronghold of outspoken resistance—the Roman Catholic church.

The laws became effective Nov. 1. They were being passed by a unanimous show of hands.

Communist Minister of Justice Alexej Copicak warned:

"Anyone who resists these laws will be broken as an enemy of the state."

His statement was aimed directly at the Catholic church.

The new laws provide for: 1. Making clergy members of all churches civil servants, paid by the state, and giving the government control over all church appointments, finances and administrative affairs.

2. The appointment of a cabinet minister to rule over church questions.

SEES UPWARD TREND OF BUSINESS IN 1950

Decatur, Ill., Oct. 14.—(AP)—The course of business should be upward next spring and 1950 should be a "prosperous year," a University of Illinois economist said today.

V. Lewis Bassie, director of the school's bureau of economics and business, addressed members of the Illinois Press association at their 35th annual meeting. The meeting will continue tomorrow.

He predicted that the economy will continue to show signs of recovery, with a particular emphasis on the manufacturing sector.

He also noted the challenges posed by the ongoing labor disputes and the need for continued government support in various economic sectors.

He concluded by expressing optimism for the future, despite the current uncertainties, and urged continued collaboration between government and industry.

Illinois News Briefs

Head Of Auditors

Centralia, Ill., Oct. 14.—(AP)—H. E. Rogier of Vandalia was elected president of the South Central Illinois conference of the National Association of bank auditors and comptrollers which organized here last night. The group will meet at Vandalia Nov. 16.

To Address Education Assn.

Carbondale, Ill., Oct. 14.—(AP)—The president of the American Association of school administrators, John L. Bracken, will address the southern division of the Illinois Education association here tomorrow.

Football Player Has TB

Macomb, Ill., Oct. 14.—(AP)—George Weberling, Peru, Ill., captain of the Western State College football team last season, is a patient at Highland Tuberculosis Sanatorium at Ottawa. Weberling, a 200-pounder, did not know he had tuberculosis until a routine examination at college revealed it. Weberling, winner of three football letters at Western, graduated last summer.

OH—Fire PREVENTION

Rockford, Ill., Oct. 14.—(AP)—The fact that this is national fire prevention week seems to have escaped attention in Rockford.

The fire department reported today there were twice as many fires—33 between Oct. 7 and 13 as there were from Sept. 30 to Oct. 6 when a total of 16 alarms were answered.

Annunzio To Speak

Murphysboro, Ill., Oct. 14.—(AP)—State Labor Director Frank Annunzio will be the main speaker at a semi annual convention here of the Southern Illinois Retail Clerks' AFL union Sunday. Edwin F. Green of Centralia is district 1 president.

Less Traffic Deaths

Effingham, Ill., Oct. 14.—(AP)—State police reported today there were fewer traffic casualties in September than in August in the 14 south central Illinois counties. Last month 84 accidents killed one person and injured 68. In August 88 mishaps claimed three lives and 84 were hurt.

Dies In Crash

Eldorado, Ill., Oct. 14.—(AP)—One of the 12 airmen killed in a U.S. B-50 bomber crash in England yesterday was Major G. H. Ingham, 28, son-in-law of Mr. and Mrs. Allen Murphy of Eldorado.

Their daughter, Mrs. Ingham, telegraphed them today that she had just been informed of the major's death.

Asked Trial Be Moved

Decatur, Ill., Oct. 14.—(AP)—Dad's Old Fashioned Root Beer company today asked that a \$20,000 damage suit against the firm be tried in the Circuit Court of Cook county instead of Macon county.

The suit was brought by George E. Keller of Decatur, who alleged he lost \$20,000 through a distribution agency terminated by the company.

Robbed Of \$30,000

Chicago, Oct. 14.—(AP)—Philip Abrams, 41, a jewelry salesman, told police that two gunmen robbed him of between \$30,000 and \$50,000 worth of diamond jewelry today as he carried it in a case near Madison street and Wabash avenue.

Two Unions Sign Contracts With Swift And Co.

Chicago, Oct. 14.—(AP)—Swift & Co. announced today it had signed contract agreements with two unions. A third union—the big United Packinghouse Workers of America (CIO)—said it had reached, but not signed, an agreement.

Swift said 21 plants were covered in contracts signed today with the National Brotherhood of Packinghouse Workers, CUA (Confederated Unions of America), and the AFL Amalgamated Meat Cutters and Butcher Workmen of America.

A spokesman for the CIO Affiliated Packinghouse Workers also said an agreement embodying similar terms had been reached between it and Swift, but had not yet been signed.

No general wage increase was involved, although geographical differentials were agreed upon.

Terms of the contracts include a widening of rates between skilled and unskilled labor; liberalization of sickness and accident benefits; three weeks' vacation after 15 years; and other benefits.

Strikers Given Help By Company

Chicago, Oct. 14.—(AP)—Who cares about a strike, when a fellow runs out of gas?

An outboard motorboat carrying local officials of the striking CIO steelworkers ran out of fuel today. They were drifting helplessly on the Calumet canal while making an inspection behind picket lines of the closed Indiana harbor plant of Inland Steel company.

Company officials saw their plight, gave them two gallons of gasoline, and sent them on their way.

11 Top Commies Convicted Of Plotting U.S. Revolution

Solons Say Conviction Is Sound

Washington, Oct. 14.—(AP)—Democrats and Republicans applauded the New York conviction of the 11 Communist party leaders as sound.

They declared it a credit to the American jury system and some hoped it would start a crusade to wipe out all "subversive" elements in this country.

The House applauded as Reps. Scrivner (R-Kas.) and Quinn (D-N.Y.) announced the verdict to the chamber.

"The verdict firmly establishes the fact that the communist party has for its purpose the overthrow of the government by force and violence," Quinn said.

Gratifying Says McGrath. Attorney General McGrath, the government's chief law officer, called the outcome "gratifying" and sent congratulations to government prosecutors.

"Whatever the outcome of this case might have been," he said, "American jurisprudence would have to record that few juries have been called upon to exercise greater patience and fidelity to the institutions of law and justice."

Other comment: Rep. McCormack (Mass.), House Democratic leader: "The jury performed its duty courageously. I have known all along that the communist party and its members are conspiring against this country. They are loyal to but one country, Russia."

Senator Martin (R-Pa.): "It was a proper verdict and a victory for every loyal and patriotic American. Commends Medina."

"Judge Medina is to be commended for the magnificent manner in which he upheld the American tradition of fair play and equal justice under the law, which the communists deny."

Rep. Moulder (D-Mo.), member of the House committee on Un-American activities: "The jury has done a good job. I am in full accord with the jury's findings. It's decision was very sound."

Harrison (D-Va.), another member of the committee: "This confirms what has always been my personal opinion—that the communist party is an illegal conspiracy. The court decision calls for stern action on the part of Congress to control communists and communist infiltration."

Awarded \$27,500 From Shampoo Co. For Becoming Bald

Minneapolis, Oct. 14.—(AP)—A federal district court jury today awarded \$27,500 to Mrs. Thora Raymond, 50, of South Haven, Minn., for the loss of her hair after use of a "coco-nut" shampoo.

The verdict was against the J. R. Watkins Co., Winona, Minn., manufacturers of the shampoo which the woman purchased from a salesman. A similar verdict against the Watkins Co. was sustained by the Minnesota supreme court last summer after a county district jury in St. Paul allowed \$20,000 to Mrs. Susette Pietrus, 32, St. Paul.

During the current trial Mrs. Raymond's attorney contended she has been made "permanently and totally bald."

The Watkins Co. called doctors from the Mayo clinic, the University of Minnesota and the University of Illinois who testified that the shampoo was not harmful to hair.

Two Men Booked On Suspicion In Murder Of Doctor

Los Angeles, Oct. 14.—(AP)—Two men, one of them identified by police as a former St. Louis Browns player, were booked today on suspicion of murder in the slaying of a Long Beach physician.

Det. Lieut. W. A. Stanger identified the two men as Ralph R. "Blackie" Schwamb, 23, the ball player, and Theodore Gardner, 27, of nearby Compton.

The body of Dr. Donald B. Buge, 44, was found dumped near a Lover's Lane early yesterday. His wife had reported him missing shortly before, after he failed to return to a Gardena Poker parlor where he had left her.

Stanger and Capt. Paul Phelps, in charge of 77th St. Police station, said Gardner told them he and his wife, Joyce, 24, met the doctor at a night club; that he accompanied them to a Cocktail lounge where they met Schwamb; and that he and Schwamb drove the doctor to a deserted spot near some oil fields.

They got out, Stanger quoted Gardner, and "Blackie and the doctor started fighting, and I cracked the doctor a couple of times to help him out."

Then, the officer quoted Gardner, they drove away after taking the doctor's wallet and \$53, leaving the doctor still alive.

Temple-Agar Split Starts Rumors: Couple Denies All

Hollywood, Oct. 14.—(AP)—What's behind Shirley Temple's split with John Agar—a marriage all Hollywood had hoped would last?

There were many rumors—another man, another woman, too many parties, too much career conflict.

But from the principals themselves came nothing but denials, nothing to explain what led to Shirley's filing of a divorce suit charging "grievous mental cruelty."

Attorneys for both acknowledged that their clients have been instructed to issue no more statements. But earlier they had said: Agar: "I still love Shirley. There is no room in my heart for anyone else."

Shirley: "I want to have our divorce on a dignified and high plane for our little daughter's sake. I Blackie."

Reds Near Hong Kong In Drive Past Canton

Hong Kong, Saturday, Oct. 15.—(AP)—Chinese Communist troops have cut south of Canton, whose fate remains in doubt, and fighting rages only 60 miles north of here, late reports said today.

(A dispatch from Canton, delayed nearly 17 hours, said there were unconfirmed reports arrangements had been made to surrender the city Friday afternoon. Canton time. That would be early Friday, U.S. reports said today.)

The reports said sharp fighting broke out just north of Shiklung. The city is on the railway about midway between Canton and Hong Kong. It is 60 miles north of the border of this British crown colony.

The accounts said a strong Communist force attacked a fully-loaded nationalist train as it crossed a bridge.

British authorities said it was unlikely any trains will leave for Canton in view of the unsettled situation. The railway to Canton is jointly owned by the British and Chinese.

Latest dispatches reported Red troops had not yet entered Canton, the former Chinese nationalist capital. They waited just outside while city officials arranged for a peaceful changeover.

Reports from Canton reaching Hong Kong said the retreating Nationalists cut loose with a last-minute series of demolitions which shattered hundreds of window panes and destroyed power lines.

Reported destroyed were the white cloud airfield, civilian airport seven miles to the northeast, and the military airport, Tienho near the city. Nationalists also were said to have destroyed the famous Honam bridge across the Pearl river. The river flows just south of Canton proper.

House Approves Arms Aid Program \$1,314,010,000 Anti-Communist Bill Senate Bound

Washington, Oct. 14.—(AP)—A \$1,314,010,000 down payment on a global anti-Communist defense program won overwhelming House approval today amidst new warnings that Russia's peace vows can't be trusted.

The House also voted a \$187,000,000 fund for new military construction in Alaska and Okinawa—two key points guarding the approaches to America's Pacific Coast.

Swift Approval Expected. "The arms measure now goes to the Senate where swift approval is expected. It is to provide the actual cash for the vast new foreign military aid program which congress only recently authorized.

One billion dollars of the total is to finance shipment of U.S. arms and equipment to Atlantic pact nations. The remainder is earmarked for military aid to Greece, Turkey, Iran, Korea, the Philippines and the China area.

The House approved the money bill shortly after the appropriation committee had cleared it for a vote. The committee made public some secret testimony it had received from high government officials.

'Actions Speak Louder Than Words'. One of these was Undersecretary of State James E. Webb, who had this to say of Russia:

"Spectacular professions of a love for peace no longer deceive the civilized world. Actions speak louder than words. The hard facts of international life today, for us, for the nations of western Europe, and even for such of the Soviet Union's more recent allies as Yugoslavia, stand forth in stark reality from the recure of U.S.S.R. broken promises, threatened aggression, and subversive Fifth column activities on every continent and in every country."

The bill is to provide actual cash for one year's operations of the new arms program but the appropriations committee reported that the military assistance project is expected to continue for four or five years. It said costs in succeeding years would be lower but did not estimate them.

Medina Jails 5 Attorneys For Contempt

New York, Oct. 14.—(AP)—The nation's 11 top Communist leaders were convicted today of plotting to advocate violent revolution in the United States.

Handcuffed, they were hustled into a prison van and whisked off to jail within an hour to await sentencing next Friday.

They face maximum sentences of ten years in prison and a \$10,000 fine each.

With the verdict in, Federal Judge Harold R. Medina turned on the five defense attorneys and the top defendant, Eugene Dennis, and sentenced them to jail for contempt during the nine-month trial.

The jury's verdict and the court's action were a smashing one-two blow to the Communist party in America.

Defense Attorney Harry Sacher said the jury's verdict and Judge Medina's contempt sentences will be appealed. The U.S. Supreme Court will be the final judge.

The defendants were ready with a statement—prepared in advance of the verdict.

They blamed it on President Truman, Wall Street, the Republican party and war profiteers.

They said the Communist party would continue despite "the infamous verdict of this Hitler-like trial."

In Washington, congressmen applauded when the verdict was announced on the House floor.

Clark Started Case. Attorney General Tom Clark, now a Supreme Court justice, started the case in 1948 to try for a clear-cut court ruling that the Communist party in America was a revolutionary band.

Rep. Quinn (D-N.Y.) said the verdict firmly establishes just that.

Attorney General McGrath called the outcome of the trial "gratifying." He would say no more although bombarded with questions about the long-run effect of the verdict.

Whether the verdict would give the government a lever to virtually outlaw the party remained to be seen.

Defense Attorney Richard Gladstein said the purpose of the verdict was to outlaw the Communist party in this country.

"What the effect will be depends on the American people," he added.

Another defense lawyer, George W. Crockett, Jr., said during the trial that its purpose was "to outlaw the Communist party."

However, Elizabeth Gurley Flynn, a Communist national committee woman, joined the defendants in pleading that the party "will operate as usual." She said it would not go underground.

Senate Probers Close Books On Malmady Massacre

Washington, Oct. 14.—(AP)—Senate investigators closed the books today on the Malmady massacre probe with a warning that powerful groups in Germany were exploiting the protests over U. S. handling of Nazi war crimes trials in an effort to revive German nationalism.

Declaring that this "presents dangerous possibilities" threatening future peace they also urged an immediate two-pronged inquiry by the defense and justice departments to determine:

1. If this alleged move to rekindle the Nazi's nationalistic aims "is part of a larger plan to bring parts of Germany into closer relationship with the Soviet Union."

2. "Whether or not activities are being carried on in this country which are of such a nature as to discredit and injure American prestige and our public interest in Germany."

These were highlights of a 39-page report by a Senate armed services subcommittee on its lengthy hearings here and abroad on the way the army handled the Malmady trial.

RECOGNITION OF CHINESE REDS MEANS THEY GET VETO POWER

The United States has rebuffed the Chinese Communist regime in its bid for diplomatic recognition. Its decision makes sense.

There are three practical reasons for delaying recognition. None has anything to do with the general policy issue of whether the nation should take a step that would be interpreted as "approval" of the Communist government.

For one thing, Red authorities in China have demonstrated their inability or unwillingness to protect American diplomats in Communist-held areas. More than that, they have on occasion even seized them and inflicted physical injury upon them. Up to now no evidence exists of a change in this situation.

Secondly, the Communists have not assured the American government or any other that they intend to respect China's present international obligations. Until it shows signs of honoring the country's agreements, it cannot expect speedy attention for its recognition bid.

Lastly, the new Red regime cannot yet speak with authority for the whole of China. The Communists currently hold just a little more of the country than did the Japanese at the peak of their offensive.

Secretary of State Dean Acheson has made plain that unless the Communist government really controls Chinese territory and will observe international commitments, there is no point in extending recognition.

"We do not establish an embassy or legation in a foreign country to show approval of its government," he said recently. "We do so to have a channel through which to conduct essential governmental relations and protect legitimate U. S. interests."

This country has agreed however, to consult with other nations on the recognition question. And among those Great Britain unquestionably will seek to hasten the establishing of diplomatic relations with Red China. Britain's trade interests are the greatest of any foreigner there and pressure is already heavy to create a more normal arrangement to safeguard that business.

But because it is eager to preserve a solid front with the United States, Britain may accept a considerable delay. One prospect is that the United Nations might be asked to send a commission to China to determine whether the Red government or the Nationalist regime is the true authority. And there is a bare chance that recognition might be accorded simultaneously by all North Atlantic Treaty countries.

Barring an unforeseen reversal of fortune for the Chinese Communists recognition apparently will come to them in time.

After that the western powers face an even tougher dilemma: What to do when the Communist government demands China's permanent seat on the United Nations Security Council. This seat carries with it the veto power. Added to Russia's, it would almost inevitably mean more trouble than ever in getting decisive council action.

Yet it is difficult to see how the post can be denied to a government that will have been recognized as the legitimate authority in China.

Continued Demand For Cars Expected At Lower Prices

Washington, Oct. 14.—(P)—Auto makers can pretty well count on a big demand for cars until mid-1950 at least, but they have to lower prices to cash in on it.

Those findings stood out today in a Federal Reserve Board report on a survey of consumer buying intentions in July.

Of the nation's 50,400,000 families who live together and pool incomes for living expenses, some 5,544,000 were shown as definitely planning to buy a new or used car in the next 12 months.

Another 2,016,000 families thought they would probably buy. Over 3,000,000 more were undecided about it.

Three out of four families figuring on buying a car intended in July to wait until 1950 and seven out of ten looked for price cuts in the last half of 1949.

The survey results also indicated that intentions to buy other major consumer goods were virtually unshaken by rising unemployment and other economic weakening in first half of 1949.

Sixteen percent were definitely planning in July to buy such goods as furniture, television sets, radios, washing machines, etc., against 17 percent at the start of 1949. Another six percent were rated probably buyers in these lines.

WOMAN, 70, WHO MARRIED AT 11 OFFERS ADVICE

St. Petersburg, Fla., Oct. 14.—(P)—A bride at 11, a mother of nine at 25, and a grandmother at 30.

That's the story of Mrs. Olive Litz Maltz. Now at 70 she has this advice for married couples:

"Don't run home to mama every-time something goes wrong, shoulder your own burdens, and forgive and forget."

Mrs. Maltz and her first husband met at a party and married three days later. He was 31—her senior by 20 years. The marriage lasted 55 years—until his death.

Four years ago, she married again.

Communists Have No Ethics: Truman

Washington, Oct. 14.—(P)—President Truman believes Communists have no ethics.

He told a news conference yesterday after being questioned about his own philosophy.

His philosophy, he said, is based on the Sermon on the Mount. A reporter then asked his opinion of a proposal to set up a government department of ethics to resist Communism.

Mr. Truman said he'd never heard of the proposal, but that ethics have nothing to do with Communism—Communists have no ethics.

Ceremony Unites Marilyn Dodds And Roger Briney

Virginia—The Virginia Methodist church was the scene of a lovely wedding Friday evening, Oct. 7, uniting in marriage Miss Marilyn Jean Dodds, niece of Mayor and Mrs. W. W. (Bob) Hierman of Virginia, and Roger Briney, son of Mr. and Mrs. Harold Briney of Grown.

MR. AND MRS. ROGER BRINEY

The vows were received in a double-ring ceremony performed by Rev. H. F. Higgins following a 20-minute recital consisting of "Arbutus," "Indian Love Call," "Barcarolle," and "White Orchids," by Mrs. Lyle Turner, and two vocal numbers, "Because" and "The Wedding Prayer," by Henry George McDonald.

For the wedding occasion the altar was beautifully decorated with chrysanthemums and mums, amid a background of ferns and candelabra.

In the wedding party were Miss Doris Hish of Virginia as maid of honor; Miss Kay Hierman, cousin of the bride, junior bridesmaid; Kay Briney, cousin of the bridegroom, flower girl; Tom Crafton, best man; and Merrill Emmons and George Lovitt, ushers.

The bride, given in marriage by her uncle, W. R. Hierman, was attired in a gown of gleaming white satin, fashioned with a slim bodice, long tapering sleeves, neckline accented by seashell embroidery, and full flowing skirt, extending into a graceful train. The veil was of fingertip fashion and the bouquet was of pink roses accented with a purple orchid.

Miss Hish's gown was of a rich blue blue with matching mits. She carried a colonial bouquet of pink, white and blue carnations.

Miss Hierman wore pink satin with matching mits and a wreath of pink rose buds. She carried a colonial bouquet of pink and white carnations and pink rose buds.

Little Kay Briney's gown was of white satin. She wore a wreath of pink roses and carried a basket of rose petals.

Mrs. Hierman wore a teal blue dress and corsage of red roses. Mrs. Briney wore a brown suit and a purple orchid.

The bride was graduated from Virginia High school and attended Gem City Business college. Until recently she was employed in the office of the State Liquor Revenue department in Springfield.

Mr. Briney attended Lewiston High school and Gem City Business college. He is associated with his father in the Implement and business farming in Browning.

A reception for friends and relatives was held in the Virginia Country club following the ceremony.

Following a wedding trip to Niagara Falls and upper New York the couple will make their home near Browning.

Waverly School Board Fights Land Transfer

Mrs. J. D. Bunting Entertains Unit Of Home Bureau

Mrs. J. D. Bunting was hostess Wednesday to members of the Ebenezer Home Bureau unit, with Mrs. Charles Morris as assistant hostess. The chairman, Mrs. Sam Challiner, presided.

"Understanding Youth" was the subject of the major lesson presented by Mrs. Elmer Roegge. The minor lesson, "Care of Synthetics," was given by Mrs. Marion Riggs.

An auction for the benefit of the unit was held with Mrs. Herman Disrud as auctioneer. Mrs. Harry Hubbert and Mrs. William Cully were announced as new members.

Guests at the meeting were Mrs. W. G. Hadden, Mrs. Eugene Fairfield and Mrs. D. E. Streeter.

During the social hour refreshments were served from an attractively decorated table, at which Mrs. Robert Houston presided.

A suit seeking nullification of the Macoupin county school superintendent's decision to detach several sections of land from Waverly Community unit school district and attach it to the Virden Community unit district was filed in Sangamon county circuit court Thursday by the board of the Waverly school district.

The suit also asks that a decision of Vernon L. Nickell, state superintendent of public instruction, upholding the decision be nullified.

Waverly board members charge that I. K. Juergensmeyer, school superintendent of Macoupin county, ordered the transfer of the territory last March before the holding of a public hearing on objections of the plaintiffs. They ask that the records of the proceedings relating to the detachment be quashed because they are thus illegal.

The same suit asks that M. B. Overaker, Sangamon county clerk, be instructed to extend taxes on the territory for the benefit of the Waverly district, so that a \$400,000 bond voted by citizens of the district for a new school building can be paid off.

If the court decides that the territory has been lawfully detached, then the suit asks that the Virden district be made liable for the \$400,000 indebtedness.

The plaintiffs, members of the board of education of Waverly district, are Frederick M. Points, M. H. Williams, James Dunseth, Richard L. Rakes, Edward T. Ladage, J. Frederick Schramm and Albert L. Wilcox.

New York —(P)—Two-thirds of America's tin supply comes from a thin strip of land along the Malacca Straits near Siam. It's being threatened now by the guerrilla war of Communists in the Orient, Edna Due Free Nelson writes in *Steelways* Magazine. If the output of tin were cut off for any length of time, "the peacetime standard of living in the United States will fall," she warns, for tin finds uses in food containers, tools, farm machines, auto parts, planes, and countless other products.

Many Firms Put Out Of Business By Fire

Four out of every ten businesses which suffer serious fires never reopen their doors. Fire Chief Charles Longenecker pointed out Friday in urging local business leaders to join in the observation of Fire Prevention Week.

"Fires don't just happen," the Chief observed. "There is always a reason for them, and we know enough about those reasons now so we can cut down the number of fires."

"For example, we know that millions of dollars go up in smoke each year simply because customers and clerks are careless with cigarettes and matches. If we can keep people constantly aware of this one hazard, we can save many businesses from failure by fire."

Inspection Program
The Chief also outlined a ten-point inspection program for store managers, recommended by the National Board of Fire Underwriters. He suggested:

- Keep the basement clean and orderly, since poor housekeeping in the basement is responsible for many fires.
- Check the heating system thoroughly.
- Provide covered metal containers for ashes and trash.
- Have all wiring inspected by an experienced electrician.
- Discourage smoking in parts of the store where large quantities of highly combustible goods are displayed.
- Always keep aisles and exits clear, to avoid panic in case of a sudden blaze.
- Fire doors should never be blocked open and fire escapes should never be obstructed by cartons or boxes.
- Proper Insulation
Be sure woodwork and walls near heaters or the furnace are properly insulated, and avoid placing any combustible material near heaters, pipes, or furnaces.
- If the store has an automatic sprinkler system (and it should have), see that sprinkler heads are in good condition, and not obstructed by cartons of merchandise.
- Provide supervised watchmen's service or automatic fire alarm service in all large stores and warehouses.
- Train personnel on the need for turning in an alarm immediately in case of fire, and drill them so they will be prepared to guide all customers to safety in case of an emergency. They should also be completely familiar with available fire fighting equipment.

Meeting Held By Jr. High Parents

A meeting of parents of junior high school students was held Thursday night at the Y.M.C.A. Youth Center, at which the progress made under the direction of the parents committee was discussed and plans for future activities were made.

It was announced that three more junior high events have been planned for October. These include a movie dance, Oct. 17; a dance with music by Chuck Bonjean, Oct. 24; and a Halloween party, Oct. 31.

The parents committee for October is comprised of Mr. and Mrs. Frank Goin, co-chairmen, Mrs. Irvin Olson, Mrs. Bruno Bonjean, Mr. and Mrs. Glenn Kendall, Mrs. Gene Meggison and Mr. and Mrs. R. L. Jacobs.

Invincible Class Elects Officers

Members of the Invincible Sunday School class of Northminster Presbyterian Church held their first meeting of the winter season at the church Thursday night with 27 members in attendance.

The class, taught by George W. Vasconcellos, has a membership of 41.

The annual election of officers was held Thursday night with Albert Sims being elected president; Thomas Fernandes, vice-president; Harold DePrates, secretary and Walter Edwin DeShara, treasurer. George Souza is the retiring president of the class.

Plans for winter season were discussed and refreshments served.

Fellowship Fund Created By BPWC To Honor Member

On Friday, the Jacksonville Business and Professional Women's club joins others in the Illinois Federation to honor one of its most active and distinguished members. Miss Celia M. Howard Fellowship for the purpose of training capable persons in the field of government and diplomacy.

CELIA M. HOWARD
Miss Howard, who is an attorney and secretary to United States District Judge Philip L. Sullivan, is well known in Jacksonville. She has visited the local club on numerous occasions during her years of active work in the state and national federations. On graduation from John Marshall Law school, Miss Howard was awarded a scholarship to Harvard Law school which she could not accept because of being a woman.

The Celia M. Howard Fellowship is being offered through the Fletcher School of Law and Diplomacy, a graduate school of international affairs administered by Tufts college with the cooperation of Harvard university.

The Jacksonville Business and Professional Women's club to date has contributed \$275 to the state fund, which is set up as a trust to carry on this first effort by an organization to train individuals for careers in the State Department and Diplomatic Service of the United States.

Perfect Background for a Lady!

Sometimes, we think a lady never looks so lovely as when she's seated at the wheel of a Cadillac car.

First of all—she looks serene... for she knows she is driving the world's most distinguished motor car—a car so regal in its bearing and so sumptuous in its appointments that it is the accepted standard for the whole automotive world.

She looks confident, too... for she knows she is driving a mechanical masterpiece—a car that is as dependable and safe as human ingenuity and craftsmanship can make it.

She looks rested and at ease... for there is no strain at all to her driving. The big motor moves the car as if by automatic propulsion—steering is virtually a response to her wish—and the brake pedal calls for little more than the weight of a foot.

And, finally, she looks—as we said—so lovely... for here is the perfect background for a lady. If she has chosen the model and the color and upholstery with care—as the fullest complement to her personality—she is the spotlighted high-light in a gorgeous picture!

This message, of course, is addressed to a man—to a man with a lovely lady whom he delights to see at her best—and whom he wants surrounded, wherever she drives, with every safeguard an automobile can provide.

Come in, Sir—and see us. You are looking, as you surely know, for a Cadillac!

ROCKET LAUNCHER?—Motorists on the outskirts of Dallas, Tex., kept expecting this tall, rocket-shaped thing to take off. Having seen pictures of the rocket launchings at White Sands, N. M., they called the papers to find out when this one would be launched. The papers investigated and found the "rocket" was one of the legs for a huge water tower being built at a housing development.

Sorely Injured Blueboy Gridders Tangle With Eureka College Tonight

A badly battered Illinois college football squad embarked for Eureka today where they'll square off with the Eureka college Red Devils in a non-conference grid bout. The struggle will get underway at 8 p.m. one of the few Saturday night games the Blueboys have ever played.

Head Blueboy coach Al Miller is confronted with basically the same problem that he faced last season. Lack of manpower. The North Central fiasco here last week left the Hilltoppers woefully short on ball players.

By Bob Merris
Al Miller has a tale of football woe to tell that reaches from here to Valdevoostok (Russia). His sick gridders outnumber the healthy and he's supposed to play a football game tonight. It's history repeating itself. The Blueboys incited the same injury plague last year and seem blessed with the same difficulty this season. Miller and Brooks have traded their whistles for tape so often this season that they unwittingly found themselves wrapping a gridders ankle with whistle cord last week. Should you hear any sticky-sounding blasts emitting from the Hilltop camp, pay no heed, the coaches are at wits end.

Lightning struck twice in the same place on the Blueboy squad. Days after Bob Brand—ace tackle—was declared unfit for action because of a war-time injury, Sam Spink—a tackle of inter-state notoriety—was carried off the gridiron and probably won't play football again. Sam's injury halted one of the greatest local football epics ever written. It all started back in Jacksonville high school, 1940 when Sam (and brother Jim) weighed a mere 170 pounds and starred for the Crimsons. Jim still carries on the family tradition at right tackle for the Hilltoppers.

As small schools go, when Miller lost two capable tackles he was down to nothing. The left side of his line is so weak that it couldn't stop a bottle with a cork, much less a charging ball-carrier.

From Jerseyville comes word that Al Capp's Dog Patch comic strip will be brought to life with a clash of helmeted heads when the Skunk Hollowers and Dog Patchers meet in their annual football classic on the evening of Oct. 18. The get-together is an yearly affair between two teams of ex-Jerseyville athletes. They battled to a scoreless stalemate last season. Proceeds go the high school athletic fund. We hear that one team has signed Little Abner and the other Ozark Ike for the fiasco.

Our Saviour's Hospital Alumni regular meeting will be held at Elm City Cafe, Wed. Oct. 19, at 7 p.m. Dinner \$1.50. Please make reservations with Mrs. Hilda Miller not later than Tuesday afternoon.
H. Miller, Sec'y.

Dean Cochran Leads Greenfield Eleven To Win Over Pittsfield

Pittsfield—Illinois' leading prep scorer Dean Cochran and his Greenfield mates shattered a Pittsfield football record last night when they blanked the host Saukees 6-0 in an Illinois Valley conference battle.

The defeat marked the first in six years that Pittsfield Coach Glenn Smith has seen his Saukees drop a league game on their own turf. They had lost but two conference games in six years, both away.

Meredosia Graders Capture County Softball Crown

Chapin — The Meredosia grade school softballers emerged grand champions of Morgan county at the conclusion of yesterday's games on the Chapin high school diamond.

Meredosia, which ranks as a class A school, won the grand championship by trouncing Woodson—class B champs—16-1 in the title contest.

Cochran, with last night's touchdown, ran his season's point total up to 80, which is enough to top all other prep scores in the state. The winning tally came in the third quarter when the elusive Greenfield back scooted around his own left end for a 35-yard touchdown jaunt.

The loss knocked Pittsfield out of the conference lead and hands the reins to Jerseyville. Pittsfield is the defending league champion from last season.

Cochran ran brilliantly against the Saukees. Besides the 35-yard scoring sprint, he racked up several runs of 20 and 25 yards. His running was good enough to give Greenfield the edge in first downs 12 to seven.

A tougher-than-usual Greenfield line rose to meet several desperate Pittsfield, offensive bombardments.

The second quarter found Pittsfield knocking on the door at the one-yard line. The Greenfield forward wall held and Kennedy clicked out for the third Scottie touchdown. Marshall plunged for the extra point giving his club a big 19-0 lead.

The visiting Tigers were penalized 80 yards during this course of action. Pittsfield was set back 15 yards.

Carrollton Grabs 32-14 Ivy Decision From Pleasant Hill

Pleasant Hill — The Carrollton Hawks scored touchdowns in every period to smother Pleasant Hill 32-14 in an Illinois Valley conference game here this afternoon.

Fullback Bud Grainer gave the visitors an early lead when he plunged over from the seven yard line. Pleasant Hill came back in the first quarter to take the front when a blocked punt was recovered by Niemeyer in the Carrollton end zone. Foregory plunged for the extra point which gave the hosts a 7-6 advantage at the quarter.

The Hawks scored two touchdowns in the second chapter on long runs. Jim Ridings, Carrollton end, caught a pass and moved 70 yards for the first TD of the stanza and Bob Grainer followed up by intercepting a Pleasant Hill pass and racing 70 yards to pay dirt. Smith made the extra point this time and Carrollton led 19-7 at the half.

Buddy Moss, Carrollton tackle, scored for his team in the third quarter. He grabbed the leather out of the opposing quarterback's hand and ran 70 yards for a TD.

Dick Meierhoff ripped off left end for a 65 yard scoring tour in the fourth period to give his Carrollton club a 32-7 lead. Pleasant Hill rallied when Halfback Dick Barton ripped off right tackle for 20 yards and a touchdown. His plunge was good but left his team behind 32-14.

Bulletin

Cow Palace, San Francisco, Oct. 14.—(P)—Ezzard Charles knocked out Pat Valentino in the eighth round of their scheduled 15 round bout tonight to successfully defend his National Boxing association heavyweight title.

The bout ended with surprising suddenness only 35 seconds into the round.

Waverly Eleven Hand Homecoming Crowd 19-0 Win

Waverly—The fast-moving Waverly Scotties treated a jam-packed homecoming crowd to their fifth straight football victory of the season when they trampled Girard 19-0 in an M.S.M. conference tangle here last night.

The Waverly eleven proved that they're just about it in the league this season when they scored in every period except the third. McGrady sneaked over from his quarterback post to notch the first Scottie tally.

Delbert Mitchell boomed around end from three-yards out to give the Waverly gang a 12-0 advantage at the intermission.

After a scoreless third quarter, Waverly halfback Meiers brought the huge homecoming crowd to life midway through the final chapter when he raced 62 yards off tackle for the third Scottie touchdown. Marshall plunged for the extra point giving his club a big 19-0 lead.

First downs were recorded evenly with each eleven chalking up an even dozen. Waverly was way ahead in yards rushing, getting 368 to Girard's 208.

Minimum Wage Bill Readied For Action In Senate, House

Washington, Oct. 14.—(P)—A bill raising the minimum wage in interstate commerce industries from 40 cents an hour to 75 was made ready today for final action by the House and Senate.

However, in jacking up the wage floor, the compromise bill which was worked out by a Senate-House conference committee removes wage-hour law coverage from several hundred thousand workers now protected.

Senator Elbert Thomas (D-Utah) said it would be impossible to determine the number so affected until the courts interpret the new language.

Senator Pepper (D-Fla.) estimated that 1,000,000 to 1,500,000 low paid workers would share some \$300,000,000 a year in pay increases on the basis of the new bill.

First the House, then the Senate, must approve the conference committee's compromise before it is sent to President Truman. Rep. Lesinski (D-Mich.), head of the House conferees, said the House probably will not act on the measure before Tuesday.

Georgia Defeats Louisiana 7 To 0

Athens, Ga., Oct. 14.—(P)—Georgia, a tired battler virtually without a running punch, got its passing game working late tonight to defeat Louisiana State University, 7-0. Attendance was estimated at 22,000.

The winning touchdown was scored in the last quarter by Halfback Billy Mixon on a one-yard smash over right tackle. Quarterback Ray Prosperi's high 34-yard pass to End Bob Walton four plays earlier set up the scoring chance.

Except for the last quarter Georgia could gain little when the playing was near a goal line. LSU tightened repeatedly to stop Georgia's threats.

There were some light showers in parts of Tennessee, North Carolina, Kentucky and West Virginia. The Great Lakes region and the central Rockies reported cloudy skies and elsewhere skies were clear.

U. S. SALES TALKS GET RESULTS, SAYS BRITON
London.—(P)—American salesmen may talk a lot but they do their job better than their English counterparts, a British export official declares. "In America," John Creek, assistant general manager of Britain's Leather Export Corp., told a news conference, "salesmen follow up and talk the buyers into insensibility—but they sell the goods."

All too often he added, interest of British manufacturers producing for export ceases when the product leaves the factory doors.

Carlstedt's Safety Provides Margin For Westenders' Victory

ISD Tackle Irvin Carlstedt broke through the line and nabbed a JHS ball-carrier for a safety to provide the margin for victory as the Tigers bumped Jacksonville high school's Crimsons eleven 14-13 in an intra-city battle under the northside lights last night.

The third quarter scoring play climaxed some brilliant line work by the Yates-coached westenders which was the dominant factor in their win. Captain Carlstedt, besides notching the safety, was the Tiger bellwether all night, spearheading the tough ISD forward wall.

The 175-pound right tackle was in the Crimsons backfield constantly, blocking punts and smearing plays before they could materialize. Carlstedt Sets Up TD

It was Carlstedt who set up the first ISD touchdown of the ball game. After locking horns in a scoreless stalemate the greater part of the first quarter, Carlstedt gave the Tigers their first scoring opportunity when he broke through and blocked Jack Chapman's punt on the Jacksonville 20 yard line.

Each eleven held the other to four downs on the Crimsons 20. Then, as the first quarter ended, ISD took over the leather on the Jacks' 18. Quarterback Franco Bruno tossed a nine yard pass to Hensley which landed the Tigers on the nine-yard chalk. The two teams switched goals, and Briggs charged into the line to pick up a first down on the eight-yard line. Franco quarterback-sneaked to the one-yard line. Briggs was stopped on his first plunge, but butted over the second try and ISD led 6-0.

Georgia Couple Jailed On Charge Of Miscegenation

Valdosta, Ga., Oct. 14.—(P)—A couple was jailed today on charges of miscegenation after the mother had filed suit in federal court claiming their children were barred from county schools on grounds they had negro blood.

In her \$300,000 damage suit, Mrs. George White contended her ancestry is traceable to Cherokee Indians, not negroes, and that the constitutional rights and those of her four children had been violated.

She named as defendants County School Superintendent James Dewar, six school board members and, as individuals, Mrs. Lillie Holderby, Murrell Holderby, C. C. Gay, W. J. Arnold, J. H. Duke and Ernie Shiver. Sheriff J. L. Futch said Mr. and Mrs. White were arrested today on warrants charging "miscegenation."

Miscegenation is a marriage between a white person and a negro. The sheriff said arrangements were being made for Mr. and Mrs. White to be released under \$500 bonds.

Warrants against the couple were sworn to by Mrs. Holderby, one of the defendant's in Mrs. White's damage suit.

Mrs. White contended her children were barred from the White school at nearby Clyatsville after the Holderbys got up a petition claiming Mrs. White had negro blood.

Sheriff Futch said the Whites will be tried in Lowndes superior court during the third week in November.

Tulsa U. Upsets Villanova 21 To 19

Philadelphia, Oct. 14.—(P)—An amazing Tulsa University eleven plunged for extra point failed, but ISD still held a commanding 14-6 advantage with the greater part of the fourth period remaining to play.

Kemp Held Crimsons Cause

Irvin Carlstedt tasted some of his own medicine in the waning minutes of play when Ron Kemp blocked one of his kicks to set up the final Crimsons touchdown. Kemp trapped the ball on the Tiger 25 yard chalk. Billy Sabatini passed to Henry Jackson who stepped into the end zone for the Crimsons tally. Sabatini ran his favorite buck lateral to notch the extra point which left his club lagging 14-13.

There was no time for another play after the Crimsons kickoff.

The victory marked ISD's first win over the Crimsons in three years. The Jacks nipped the Tigers 13-6 the past two seasons.

The Tigers used a sharp passing attack to advantage, completing four out of nine tosses. Crimsons aerials were few and far between, coming for only one completion in four attempts. Jacksonville held a slight edge in first downs, getting eight to ISD's seven. The Crimsons also led in penalties, 40 yards to 15 for the westenders.

French Premier Seeks His Cabinet

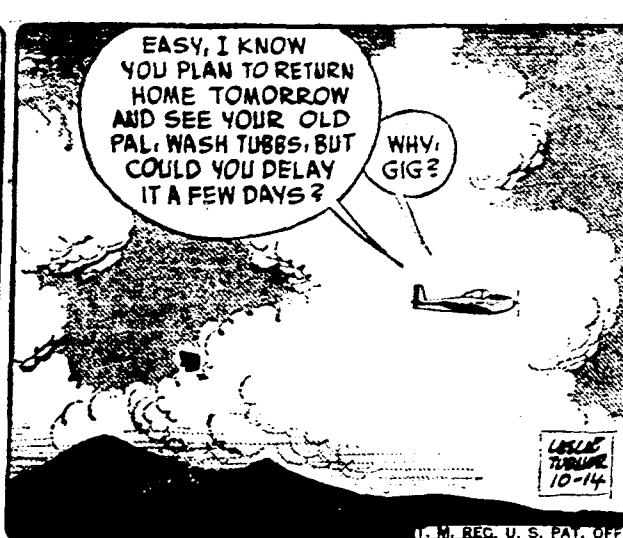

Paris, Oct. 14.—(P)—Socialist Jules Moch, newly confirmed premier of France, searched today for a cabinet that would stand the gaff of a Parliament sharply divided over economic issues.

The 58-year-old former minister of interior is due to present his choice of ministers tomorrow.

The parliament early this morning approved him as the sixth post-war premier by a shaky vote of only one over the majority of 310 he needed.

Moch went into conference with various party leaders in an attempt to form a pattern on which to organize his cabinet.

Many Illinois College Alumni Expected Back For '49 Homecoming

It looks as though quite a few alumni will be back for the Illinois college homecoming next weekend, Oct. 21 and 22. The alumni secretary, Mrs. Marjory Gaylor, estimates that a much greater number will be present this year than last. She has been receiving reservations and says that the out of town alumni associations have been increasingly active.

Progress In Local English Course Revision Told

Miss Emma Mae Leonard, head of the English department at Jacksonville high school, was a member of a discussion panel held at the University of Illinois Tuesday. Four teachers told of recent projects designed to improve English courses at Jacksonville, Watsega, Moline and Decatur high schools.

John Ager, local high school principal, and John L. Conant, David Prince principal, also attended the annual conference of the Illinois Secondary School Principals Association held in Urbana Tuesday and Wednesday.

Miss Leonard discussed the revision of the English course at the local high school, the reasons for the project, the methods used and the progress to date.

Walnut Grove Club Progressive Party Held Wednesday

Virginia—The Walnut Grove club held its October meeting, Wednesday with a progressive party. The first stop was with Mrs. Walter Murphy, with Mrs. Maurice Jokisch acting as assistant hostess. An appetizer was served and then the club moved on to the home of Mrs. James Fox for the second course. Her assistants were Mrs. Carl Walters, Mrs. Georgia Sudbrink, and Mrs. Joseph Orin. They served scalloped chicken, sweet potatoes, salad, pickles, olives, strawberry preserves, hot rolls and coffee.

The next stop was Mrs. Lewis Webster's home for the last course. Date pudding and whipped cream, candy and coffee were served by the assistant hostess, Mrs. Leo Devlin.

The program was a Halloween party.

Mrs. Arthur Jokisch of Jacksonville and Mrs. Seth McClintock were guests. Twenty-four members were present.

Jr. Women Hear Story Of Crystal, China And Silver

Mrs. Alvahlee McCarthy, organizer of the local Junior Women's club, spoke to the members on "Fine China, Crystal and Sterling Silver" during their meeting Thursday evening at the Dunlap hotel. Forty-six members were present.

Mrs. McCarthy told the history and the many points in the manufacture of Lenox, Castleton and Franciscan china. A recent exhibit of Lenox china held in St. Louis and the museum collection of Castleton china shown at Marshall Field in Chicago last week were mentioned as "miracles in the ceramicist's art."

Crystal by Husig and Tiffin, with sterling silver by five leading manufacturers complimented the china. A Ming bowl on sterling with mixed flowers formed the centerpiece of one table, with hurricane lamps and other sterling accessories completing the appointments. The other table used yellow as the color scheme with yellow mums and tapers. Place settings in the patterns were shown from Thomson and Son Jewelers.

Mrs. Isabel Husted gave a report on the style show and bridge held recently at the David Prince gym. May Graves, president, held a discussion on a local and district project. It was decided to hold a bake sale early in November with Mrs. Isabel Husted as chairman and Mrs. Dorothy Hodgson, Mrs. Jenny Schultz and Mrs. Ruth Mary Miller assisting her.

Guests for the evening were Mrs. Bert McNeely, Mrs. Carol Ryan, Mrs. Phyllis Ogle, Mrs. Jack Mathews and Mrs. Blanche Reuck. The next meeting will be held Nov. 11 at 7 o'clock p.m. at the Dunlap hotel.

Blood Tests Show Boy Is Not Long Lost Son Of Pair

Lansing, Mich., Oct. 14.—P.—An Ohio couple's own blood today blasted soaring hopes that they had found their long-lost little boy.

Heartbroken, Mr. and Mrs. Arthur Thompson turned wearily homeward to Dayton.

For three days they had been almost convinced that six-year-old William Thomas O'Neill, a ward of the state of Michigan, was their son. But blood tests showed this was not true.

Once again the Thompsons will take up their five-year search. They have been hunting ever since their baby, Ronald, disappeared from their home with a nurse in 1944.

Sobbing, Mrs. Thompson told state police:

"I feel in my own heart that God won't let me down. I'm going to keep on searching. I believe God will eventually return our child to us."

News of the negative blood tests was brought to her at state police headquarters, where she had been nervously waiting for hours, fingering a Rosary in silent prayer.

The blood little boy who had raised the Thompsons' hopes was not told the test results. It will undoubtedly mean heartbreak for him too.

Socialistic Ventures Of England Ruinous, British Speaker Says

Beardstown—Cass county teachers attending the annual institute here Friday heard Col. Rhys Davies, British war hero, assert "we are witnessing the greatest travesty ever enacted on earth."

"Communism is succeeding everywhere. It is unbelievable but true, that the same communism which holds millions of slaves in helpless bondage is able to propagate a faith that is being accepted by free men."

Col. Davies spoke on "Four Years of Socialism in England."

Opposed to the Labor government, the speaker declared he saw "many things in my native land today that I observed in Russia 10 years ago. After all, communism is nothing more than socialism in a hurry."

He branded the socialistic experiments of the Labor government as "not only liquidating the capitalist system in Britain, but also liquidating the honesty and integrity of England."

Once A Thrifty Land

Englishmen of former days were thrifty. They saved for a purpose. Today there is no incentive for anybody to save, the speaker continued
